Dynamic Map

We have finally restored the Dynamic Map. The map can be reached in 3 different ways:

1. Navigate to <https://www.myfloridagps.com/map>
2. Log onto the FPRN Homepage at <https://www.fdot.gov/geospatial/fprn>

Florida Permanent Reference Network (FPRN)

Welcome to the FPRN

Together with our Cooperative Agencies the FPRN network consists of nearly 100 Continuously Operating Reference Stations (CORS) located throughout Florida. We work closely with the National Geodetic Survey's National CORS network. Each CORS site provides Global Positioning System (GPS) carrier phase and code range measurements in support of 3-dimensional positioning activities throughout Florida and surrounding states.

3. Log onto the FPRN Customer Portal at <https://www.myfloridagps.com/sbc>

The screenshot shows a web browser window with the URL <https://www.myfloridagps.com/SBC/User/Shop>. The page features the FDOT logo and a user profile for Ron Hanson. A dark blue sidebar on the left contains navigation links: Shop, Post Processing, Account Details, Contact, Dynamic Map (highlighted with a red arrow), FPRN Products, FPRN Training, FPRN News, and EMailer. The main content area, titled 'Shop', displays four product cards in a 2x2 grid. Each card includes a camera icon, a title, a description, subscription details, and an 'Already Subscribed' button.
